---

## WORK EXPERIENCE

### Data Journalism Reporter

Bloomberg Industry Group, Arlington, V.A. | Jan. 2017 - Present

- Enabled data-driven stories by acquiring, scraping, cleaning, and analyzing data, building tools for data exploration, and creating graphics and interactive data visualizations
- Led long-term crowdsourcing data collection projects that drove award-winning stories
- Three-time winner of Beltz Award, the company's internal quarterly award for editorial excellence
- Trained other reporters on data, graphics, and open records skills
- Made static graphics, pitched and wrote stories on cryptocurrency and blockchain technology for the Labor Desk, where I started from.

### Data Reporter/Graduate researcher

Investigative Reporting Workshop, Washington, D.C. | Sep. – Dec. 2016

- Researched, reported, and analyzed data for a project investigating state environmental agencies

### General Assignment Reporter

Grand Forks Herald, Grand Forks, N.D. | May - Jul. 2016

- Quickly built sources and found story ideas in new communities and subject areas\
- Focused on deadline writing and storytelling in crimes, public health, immigration, and culture.

### Graduate Data Analyst

National Institute for Computer-Assisted Reporting, Columbia, M.O.. | Sep. 2015 - May 2016

- Managed large datasets for NICAR data library, and maintained documentation for the datasets
- Cleaned and analyzed data for professional reporters and organizations.

### Infographics Designer

Columbia Missourian, Columbia, M.O. | Jan. - May 2016

- Designed graphics based on education, crime, police, and transportation data.
